

We've all at one time or another found ourselves wishing for more knowledge. We've all looked around and asked "why doesn't anyone understand what I'm saying? Why do they always misunderstand me? Why is it so hard to communicate my thoughts to them? Why can I never get my point across?" Al-Mulk surah is the key to solving these problems. When you recite this surah, Allah will grant you appropriate words to say when you need them, in order that your speech may be spoken in attractive ways with fluency, elegance, and persuasiveness. He will make your benefit apparent in words that come out of your mouth in smooth, easy spirals, pleasing to the ear. Surah Al-Mulk is highly recommended for all times and all situations. Reading it in this booklet can help you master the art of speaking effectively in all situations.
